Short bio (50-150 words max)

"Just a happy-go-lucky guy who loves to have fun once you get to know me. I enjoy drawing cartoon characters and have a real passion for it. Pursuing a career in animation has always been a dream of mine—there's something special about seeing people enjoy your artwork just as much as I enjoyed watching cartoons growing up. Aside from that, I'm also a big fan of collecting collectibles, which kind of explains why my favourite animal is a raccoon. "
